WHITE LABEL PLATFORM

GYM SOFTWARE UNDER YOUR OWN BRAND

Connect your memberships, bookings, payments and team in one branded platform.

BRAVO

For boxing clubs and combat-sports gyms.

STRIKE BOXING CONFIGURATION

DELTA

For fitness clubs and multi-service training centres.

INZAN ATHLETICS CONFIGURATION

mitrixo.com

WHAT IS MITRIXO

YOUR GYM BUSINESS IN ONE SYSTEM

MITRIXO is a white-label operating platform for gyms. It brings commercial activity, daily delivery and the member experience into one branded system.

ONE RECORD

Know the member

Keep contact details, memberships, balances, attendance and service history connected.

ONE WORKFLOW

Move work forward

Turn enquiries into members, bookings into visits and staff actions into an auditable history.

ONE BRAND

Own the experience

Present your logo, colours, products and configured domain across staff and member touchpoints.

ONE VIEW

Manage the operation

Review schedules, collections, activity and exceptions without assembling a patchwork of tools.

THE RESULT

Less fragmentation for the team. More continuity for every member journey.

FROM FIRST CONTACT TO LONG-TERM VALUE

ONE JOURNEY.
NO BROKEN HANDOFFS.

Every stage creates context for the next. Teams work from the same member story while role-based access keeps responsibilities clear.

01 **ENQUIRY** Capture interest and record the next action.

02 **JOIN** Select a package and record collection.

03 **BOOK** Reserve a class, PT session or service.

04 **ARRIVE** Check in and retain attendance history.

05 **RETAIN** Review activity, balances and follow-up.

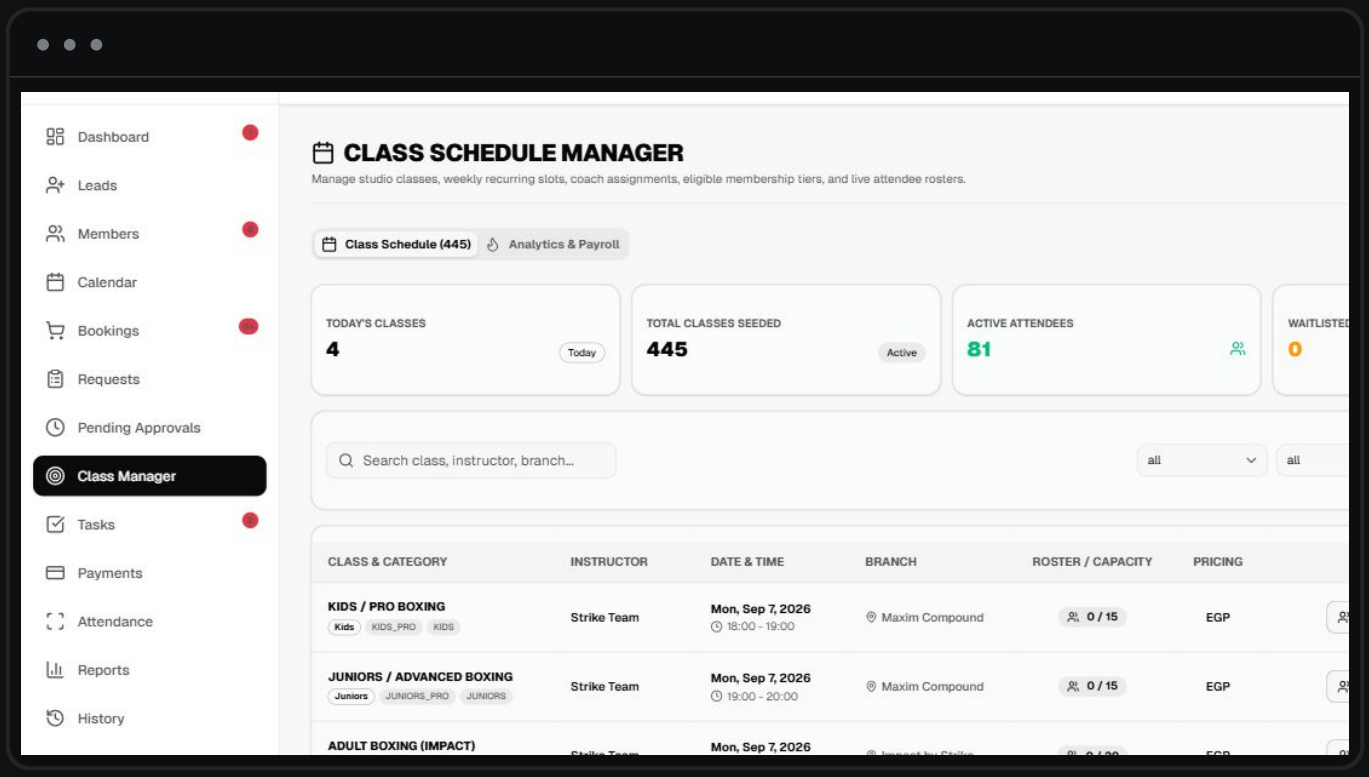

The workflow can be configured around the services, staff structure and operating policies of each gym.

EDITION 01

BRAVO

Built around the training schedule.

For boxing clubs and combat-sports gyms where class capacity, coaching and attendance shape the working day.

LIVE STRIKE CONFIGURATION / CLASS SCHEDULE MANAGER

01 / SCHEDULE

Run the timetable

Publish classes, assign coaches, set capacity and review the active roster.

02 / OPERATIONS

Keep the day visible

Connect programmes, branches, attendance and staff actions in one working view.

BUILT AROUND THE TRAINING FLOOR

FROM TIMETABLE TO RETENTION

Bravo gives boxing and combat-sports teams a clear operational rhythm: programme the session, control capacity, record attendance and keep the relationship moving.

01 **PROGRAMME**

Create the class and assign the coach.

02 **CAPACITY**

Set limits and organise the roster.

03 **CHECK-IN**

Confirm who trained and when.

04 **FOLLOW-UP**

Use history to guide the next action.

CONFIGURED WORKSPACE

Members / packages / payments / class schedule / attendance / coaches / branch views / staff roles / reports

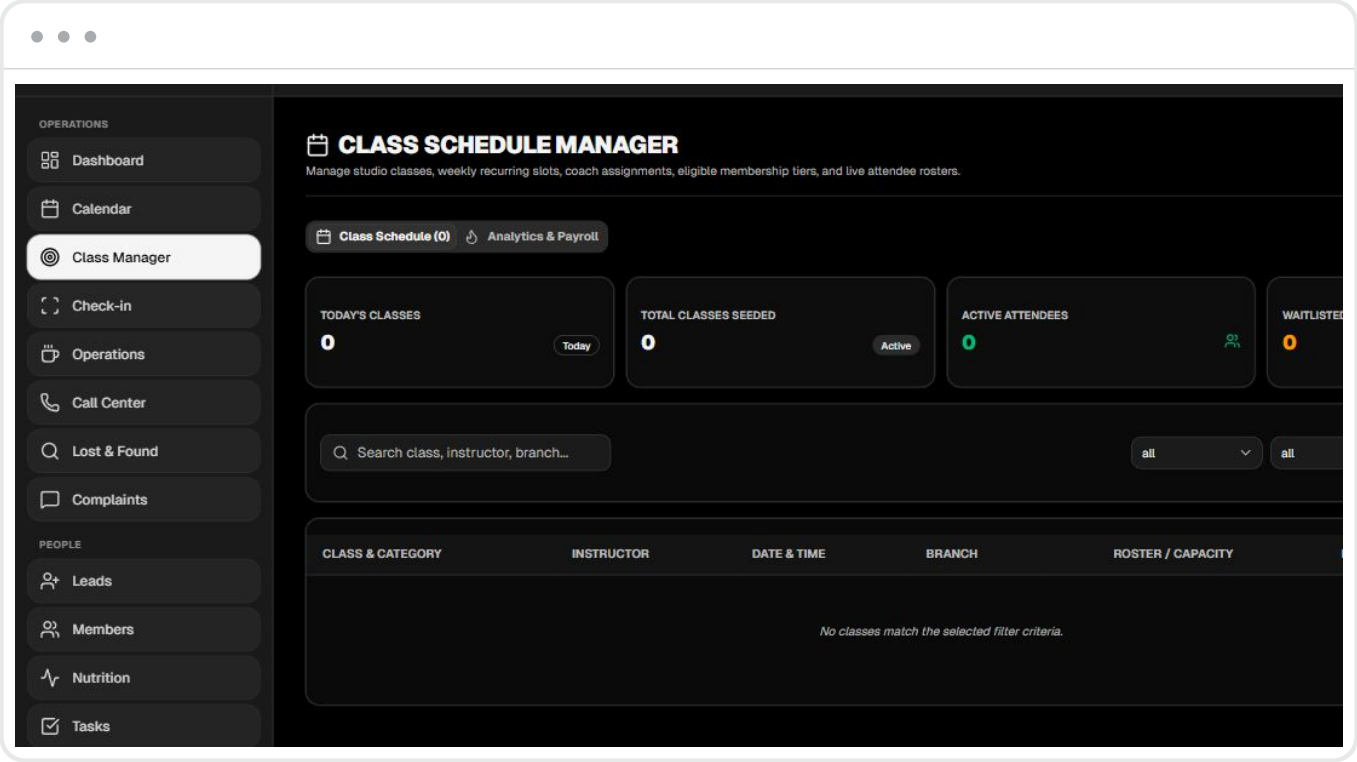

Module availability and permissions are confirmed for each installation.

EDITION 02

DELTA

Connect the whole club.

For fitness clubs and performance centres coordinating memberships, PT, classes and nutrition through several teams.

LIVE INZAN CONFIGURATION / CLASS SCHEDULE MANAGER

01 / SERVICES

Coordinate more services

Connect the member journey with schedules, staff workspaces and operational requests.

02 / CONTROL

See the working picture

Give each role the tools it needs while management retains broader oversight.

DESIGNED FOR A BROADER SERVICE MIX

ONE MEMBER. SEVERAL TEAMS.

Delta connects the departments that shape a modern fitness journey, without asking the member to start again at every handoff.

FRONT DESK

Memberships, arrivals and member support.

SALES

Enquiries, follow-up and package conversion.

COACHING

Classes, PT activity and attendance.

NUTRITION

Consultations and configured service workflows.

MANAGEMENT

Approvals, reporting and operational oversight.

MEMBER

Bookings, status and a branded club experience.

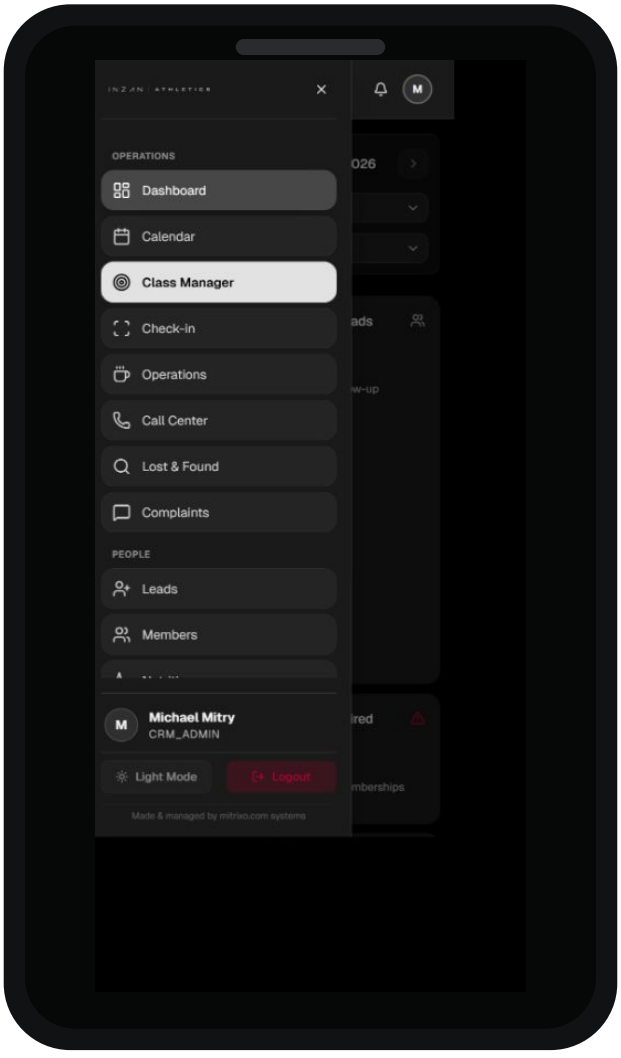

THE PRINCIPLE

Shared context, role-specific workspaces and management visibility.

RESPONSIVE BY DESIGN

DESKTOP CONTROL MOBILE ACCESS

The same live platform adapts to the smaller screen, keeping navigation and daily actions available away from the desk.

LIVE MOBILE / 390 PX

RESPONSIVE NAVIGATION

Work beyond the desk

The live Inzan configuration condenses its navigation and operational cards for mobile use.

ONE PLATFORM

Keep the context

Staff can move between desktop and mobile layouts without changing systems or rebuilding records.

Screenshot captured from the live Inzan staff interface. Mobile appearance varies by device and enabled modules.

DESIGNED FOR ACCOUNTABLE OPERATIONS

CONTROL WITHOUT SLOWING THE TEAM

Give staff the access they need, preserve the record behind important actions and keep sensitive work inside defined operating boundaries.

01

Role-based access

Organise screens and actions around staff responsibility.

02

Approval workflows

Route controlled changes and exceptions for review.

03

Payment history

Retain collections, methods, balances and transaction context.

04

Attendance history

Separate bookings from completed visits and cancellations.

05

Audit visibility

Keep an operational trail for supported staff actions.

06

Tenant separation

Configure branding, data and settings for each gym environment.

CONTROL IS CONFIGURED TO MATCH YOUR TEAM AND POLICIES.

TURN ACTIVITY INTO OPERATING INSIGHT

SEE THE CLUB.
ACT WITH CONTEXT.

MITRIXO brings operational records into management views that can be filtered, reviewed and exported for deeper analysis.

MEMBERSHIP

Understand the base

Review active members, packages, renewals and status across the configured operation.

REVENUE

Follow collections

Review payment activity, methods, balances and outstanding amounts.

ENGAGEMENT

Read participation

Use bookings, visits and attendance history to understand service activity.

LOCATIONS

Compare branches

Use available branch and service filters to focus the operating picture.

MANAGEMENT LOOP

FILTER → **REVIEW** → **DECIDE** → **EXPORT**

Reports reflect the data captured and permissions enabled in each configuration.

CHOOSE BY OPERATING MODEL

BRAVO OR DELTA

Start with how your club operates. Then configure the platform around your services and brand.

EDITION FOCUS	BRAVO	DELTA
Best fit	Boxing clubs and combat-sports gyms	Fitness clubs and multi-service centres
Daily emphasis	Class timetable, packages, coaches and check-in	Memberships, PT, classes and nutrition
Team structure	Reception, coaches and club management	Front desk, sales, coaches, nutrition and management
Configuration reference	Strike Boxing	Inzan Athletics
Shared foundation	Members, payments, bookings, staff workflows and reporting	Members, payments, bookings, staff workflows and reporting
White label identity	Your logo, colours and configured domain	Your logo, colours and configured domain

These are edition specialisations, not a claim that every capability is exclusive to one edition. The final module scope is agreed in your proposal.

WHITE LABEL BY DESIGN

LET MEMBERS SEE YOUR BRAND

Keep your gym’s identity at the centre of the experience. Configure the platform with your logo, colours, products, staff roles and domain.

01

Choose your edition

Start with Bravo or Delta and define the workflows your club needs.

02

Shape your configuration

Review branding, member data, products, staff access and integration requirements.

03

Validate your launch

Demonstrate your key journeys and agree acceptance checks before go-live.
